LIST OF RECOGNIZED ASSOCIATIONS, WITH SECRETARIES OF SAME.

The following is a list of all the American and Foreign Stud Book Associations authorized by law, and these are the only associations that the Illinois Stallion Registration Board is permitted to recognize: (See section 7, law regulating the public service of stallions in Illinois, amended June 5, 1911.)

AMERICAN.

American Trotting Register Association, William H. Knight, secretary, 137 South Ashland blvd., Chicago, Ill.

Arabian Horse Club of America, H. K. Rush-Brown, secretary, 1729 G st., NW., Washington, D. C.

American Association of Importers and Breeders of Belgian Draft Horses, J. D. Conner, Jr., secretary, Wabash, Ind.

Cleveland Bay Society of America, R. P. Stericker, secretary, 24 W. Lake st., Aurora, Ill.

American Clydesdale Association, R. B. Ogilvie, secretary, Union Stock Yards, Chicago, Ill.

French Coach Horse Society of America, Duncan E. Willett, secretary, Maple ave. and Harrison st., Oak Park, Ill.

National French Draft Horse Association of America, C. E. Stubbs, secretary, Fairfield, Iowa.

German, Hanovarian and Oldenburg Coach Horse Association of America, J. Crouch, secretary, LaFayette, Ind.

American Hackney Horse Society, Gurney C. Gue, secretary, 308 West Ninety-seventh st., New York, N. Y.

American Morgan Register, T. E. Boyce, secretary, Middlebury, Vt.

Percheron Society of America, Wayne Dinsmore, secretary, U. S. Yards, Chicago, Ill.

The American Breeders' and Importers' Percheron Registry Co., John A. Forney, secretary, Plainfield, Ohio.

American Saddle Horse Breeders' Association, R. H. Lillard, secretary, Louisville, Ky.

American Shetland Pony Club, J. M. Wade, secretary, LaFayette, Ind.

Welsh Pony and Cob Society of America, J. H. Leet, secretary, Mantua, Ohio.

American Shire Horse Association, Charles Burgess, secretary, Wenona, Ill.

American Suffolk Horse Association, Alex. Galbraith, secretary, Janesville, Wis.

The Jockey Club, W. H. Rowe, registrar, 6-8 East Forty-sixth st., New York, N. Y.

FOREIGN.

Societe le Cheval de Trait Belge, Chevalier G. H. Hynderick, secretary, Brussels, Belgium.

Clydesdale Horse Society of the United Kingdom of Great Britain and Ireland, Archibald MacNeilage, secretary, 93 Hope st., Glasgow, Scotland.

Societe des Agriculteurs de France, Henri Johanet, secretary, 8 Rue d'Athenes, Paris, France.

Hackney Horse Society, Frank F. Euren, secretary, 12 Hanover Square, London, W., England.

La Societe Hippique Percheronne de France, E. Lemarie, secretary, Nogent-le-Rotrou, France.

Shetland Pony Studbook Society, R. W. Walker, secretary, 3 Golden Square, Aberdeen, Scotland.

Shire-Horse Society, J. Sloughgrove, secretary, 12 Hanover Square, London, W., England.

Suffolk Horse Society, Fred Smith, secretary, Rendlesham, Woodbridge, Suffolk, England.

Australian Studbook, W. C. Yuille & Sons, Melbourne, Australia.

General Studbook, Weatherby & Sons, 6 Old Burlington st., London, W., England.

The Welsh Pony and Cob Society, John R. Bache, secretary, Knighton, Radnorshire, Wales.

LIST OF REGISTRY ASSOCIATIONS WHICH ARE NOT RECOGNIZED BY THE ILLINOIS STALLION REGISTRATION LAW.

As a warning to persons contemplating the purchase of pure-bred stallions for service in Illinois, a list of associations which are not recognized by our law and registration in which does not entitle an animal to a pure-bred license, is herewith appended:

American Horse Breeders' Trotting Registry Association, 161 High st., Boston, Mass.

American Horse Registry Association, N. J. Harris, secretary, Des Moines, Iowa.

American Iceland Pony Club, Geo. H. Simpson, secretary, Wheaton, Ill.

American Percheron Registry Association, S. M. Heberling, secretary, La Grange, Ill.

Belgian-American Draft Horse Registry, A. J. Myers, secretary, Lovington, Ill.

Coach and Draft Horse Association of America, Frederick Wightman, secretary, LaCrosse, Wis.

Hartman Stock Farm Registry Record Co., Adam Krumm, secretary, Columbus, Ohio.

International Consolidated Record Association, H. A. Jones, secretary, Penn Yan, N. Y.

Morrison's International Roadster Register, Des Moines, Iowa.

National Percheron Horse Breeders' Association, W. E. Phillips, secretary.

Oldenburg German Coach Horse Register Society, T. W. McClean, secretary.

The National Standard Pacing and Trotting Horse Breeders' Association, Thos. C. Parsons registrar, Cleveland, Ohio.

U. S. Horse Register, J. E. Ragsdale, secretary, Gibson City, Ill.

LIST OF STATES HAVING STALLION REGISTRATION LAWS AND OFFICERS IN CHARGE OF SAME.

CALIFORNIA.

J. L. McCarthy, Secretary Stallion Registration Board, Sacramento, Cal.

COLORADO.

E. McCrillis, Secretary State Board of Stock Inspection Commissioners, Denver, Colo.

IDAHO.

Dr. V. C. White, State Live Stock Sanitary Board, Boise, Idaho.

ILLINOIS.

B. M. Davison, Secretary Stallion Registration Board, Springfield, Ill.

INDIANA.

H. E. McCartney, Secretary Stallion Registration Board, LaFayette, Ind.

IOWA.

A. R. Corey, Acting Secretary Board of Agriculture, Des Moines, Iowa.

KANSAS.

C. W. McCampbell, Secretary State Live Stock Registry Board, Manhattan, Kan.

MICHIGAN.

O. J. Howard, Secretary State Veterinary Board, Coloma, Mich.

MINNESOTA.

Prof. T. L. Haecker, Secretary Stallion Registration Board, University Farm, St. Paul, Minn.

MONTANA.

Prof. R. W. Clark, Agricultural College, Bozeman, Mont.

NEBRASKA.

Dr. L. C. Kigin, Secretary Stallion Registration Board, Lincoln, Neb.

NEW JERSEY.

Prof. F. C. Minkler, Secretary Live Stock Commission, New Brunswick, New Jersey.

NORTH DAKOTA.

Prof. J. H. Shepperd, Animal Husbandman, Agricultural College, Fargo, N. D.

OHIO.

Dr. Paul Fischer, State Veterinarian, Division of Stallion Inspection, Columbus, Ohio.

OREGON.

Carl N. Kennedy, Secretary Stallion Registration Board, Corvallis, Oregon.

PENNSYLVANIA.

Dr. Carl W. Gay, State Live Stock Sanitary Board, Harrisburg, Pa.

SOUTH DAKOTA.

F. R. Cock, Secretary State Live Stock Sanitary Board, Pierre, S. D.

UTAH.

Prof. John T. Caine, III, Animal Husbandman, Agricultural College, Logan, Utah.

WASHINGTON.

Dr H. T. Grave, Acting Commissioner Department of Agriculture, Olympia, Wash.

WISCONSIN.

Dr. A. S. Alexander, Secretary Stallion Registration Board, Madison, Wis.

B. M. DAVISON, Secretary.

INTRODUCTION.

At the close of the sixth breeding season during which the Illinois Stallion Registration Law has been in force, the members of the Board feel justified in stating that the need for such a law has been thoroughly demonstrated and it has proved its own reason for being.

Were there no other reason for the existence of this law on the statute books, the fact that so many other states have passed such laws would render it necessary for Illinois to have one or else fall out of the ranks of the progressive horse breeding states. But aside from that consideration, there is no other instrumentality which could so forcibly bring home to the mind of the small breeder or farmer the value of sound, well-bred breeding animals, as the stallion registration laws.

This class of breeders are often thoughtlessly satisfied with any horse which is a reasonably sure foal-getter, and of good enough appearance to induce his neighbors to breed their mares to him for a small fee, rather than take them further to a better horse at a higher fee. But the mere fact that a stallion must come up to a certain standard before he can receive a license has caused many men to stop and inquire the reason for such a requirement and give the subject of heredity considerable thought.

The fact that there are different grades of licenses impresses these men with the value of recorded horses, and has taught many of them that numbers of the so-called pure-bred horses with which they are familiar cannot be so licensed. The work of the various Record Associations of this and other countries had begun this work, but the stallion registration laws have given it a great impetus. During the first two or three years the law was in force, we were obliged to issue grade licenses for a large number of horses for which applications for pure-bred licenses had been made. In many instances the refusal was caused by the animals being registered in an association not recognized by our law, but in many others, while the certificate of registration furnished was in an acceptable association, one or more transfers had been made since the horse was recorded, which could not be supplied for one cause or another and hence the identity of the animal could not be established. Through our previous bulletins and through correspondence, we have urged purchasers of pure-bred horses not to pay for or accept the same until the pedigree and a full chain of transfers were furnished. If an official transfer from the Secretary of the Association in which the horse is recorded showing the ownership in the applicant for license is sent with the pedigree, that is accepted without question and the

license can usually be issued immediately. Otherwise much inconvenience and hard feeling is caused by the delay, for which the office is in no way responsible.

It is gratifying to note that the secretaries of some of the studbook associations recognize the good work done by the stallion registration boards, and publicly commend the same.

It has been the aim of the Illinois Board to work in harmony with the various associations and statements from their officers as to the breeding and ownership of animals are unhesitatingly accepted.

The total number of stallions under license in this State July 1, 1915, is 8,690, of which number 5,503, or 63 per cent, are pure-bred, 3,185, or 37 per cent grade, and two (one each in Montgomery and Tazewell counties) are cross-bred. While the total number of licensed horses is a little less than a year ago, the number of pure-breds is one per cent greater than at that date.

The relative numbers of different breeds varies very little from year to year. The percentage of Percherons is 2 per cent greater than last year, while there is one per cent each fewer Shires and Standard-breds.

During the year just closed, 70 licensed stallions have been reported as castrated, 130 have died and 146 have been sold out of the State. In that time 958 horses have been transferred from one owner to another within the limits of the State.

Our field man has investigated many irregularities in different portions of the State, and prosecutions have been commenced and fines assessed against thirty-two parties. He has also assisted in clearing up much unfinished business and secured applications for a number of horses whose owners had either allowed their licenses to expire, or had neglected to apply for them. It is the intention of the Board to have a field man visit each county in the State every year for the purposes named above.

Licenses in Force July 1, 1915.

The following tables give the number of active licenses for each breed and the total number of licenses in each county of the State. The map also gives the number of pure-bred and grade licenses in the State and shows the distribution more clearly than can be shown in a tabulation.

With the wider dissemination of information as to the value of pure-bred sires over grades, it is hoped that the reduction in the number of grade stallions will be more rapid each succeeding year.

Horsemen should keep constantly in mind the fact that the difference in service fees between a pure-bred and a grade stallion is made up to them many times over at time of sale, while the cost of raising the well-bred colt is no more than that of the lower classed animal.

No such opportunity for the American horse-breeding industry has ever been presented as that now offered by the European war, and if our citizens do not rise to the occasion and avail themselves of it, they are blind to their own interests and will never cease to regret their lack of foresight. Not only was the exportation of horses stopped at the beginning of the war, but in all probability it will be a number of years after its close before the countries which have derived so large a revenue from the sale of horses to American buyers will be able to supply even their own needs. Under those circumstances it will fall to the lot of America to provide first for its own needs and later to export horses to those countries from which we have so long been importing. If horse breeders will take advantage of the opportunity, this condition will prove a blessing in disguise, as they can devote themselves to the problem of developing types of the various breeds more perfectly adapted to local requirements than was likely to be the case when such large annual importations were made.

The draft on the supply of breeding horses caused by the European war has not been noticeably felt by American horsemen. It is impossible to ascertain just how many horses have been shipped from this country to feed the guns of the combatants, but it is safe to say that few, if any, good stallions have been so sacrificed. A large number of geldings have been taken and probably a good many mares, but the owner of a well-bred, sound stallion has generally found it more profitable to keep him in the stud than to sell him for this purpose.

Renewals.

Stallion owners are urged to bear in mind the fact that the life of a stallion license is for but one year, and the date of the expiration is given on each license. Where stallions are used for public service after their licenses have expired, the owners are subject to prosecution for each offense under section 10 of the law. In order to avoid trouble of this kind, therefore, owners should send their licenses, or the previous renewal if one has been issued, and the fee of one dollar (\$1.00), to the office of the Secretary of the Board, at

least two weeks before the expiration of the same. By so doing the Secretary will have time to issue the renewal and have it in the owner's hands by the time the old one expires.

A large number of licenses are sent in for renewal each year long after they have expired and the owners feel aggrieved that another examination and application are demanded. A little reflection will show them that where a limit is fixed for the life of a legal instrument, when that limit is reached, the instrument is void and the only way to obtain another is to proceed as if no such instrument had ever been issued. The case is exactly similar to an insurance policy. A building is insured for a term of years and, if not re-insured, the owner must bear the loss in case of fire. The question of the recording of renewals is taken up elsewhere in this report.

VIOLATIONS.

It is a Violation of the Stallion Registration Law.

To use a stallion for public service without having in your possession a properly recorded license.

To use a stallion for public service at any time after the expiration of the original license without having in your possession a properly recorded renewal.

To use a stallion for public service, even though you have a properly recorded license or renewal, unless you have two copies of the license posted at each regular breeding place.

To advertise by bill, poster or newspaper a stallion for public service without giving in each form of advertisement the number of the license and stating whether it reads "pure-bred," "grade," or "cross-bred".

The law does not make any distinction in the matter of penalty and does not classify the violations by making the fine for one offense greater than for another. It says: "Sec. 10.—Violation of any of the provisions of this act shall be punished by a fine of not less than twenty-five dollars (\$25.00) and not more than one hundred dollars (\$100.00) for each offense."

When Buying a Stallion.

1. Although it is wiser to buy a pure-bred horse, do not be deluded with the idea that ANY pure-bred animal, no matter how poor an individual, is better than one without recognized breeding lines, but a fine animal. Be sure that you get not only an animal of good breeding but one which is also sound and a typical example of his breed.

2. Buy only of a reliable dealer or firm—one whose guarantee is of value.

3. Take a veterinarian, or an experienced horseman with you when you go to look at a horse and do not consider one which though sound and of good breeding is of undesirable type which will be perpetuated in his offspring. As it not infrequently happens

that animals become useless as breeders while perfectly good for other purposes, ask yourself what the proposed horse would be worth as a gelding should it become necessary to castrate him.

4. Buy only stallions licensed to stand in Illinois or those which you know are eligible to license. The seller of the horse should be willing to have him examined and furnish a certificate of soundness for him if he is not already licensed.

Important Sections of the Law Explained.

Elsewhere in this report will be found the Law Regulating the Public Service of Stallions in Illinois. Stallion owners should carefully study this law, as many violations of it are committed through ignorance.

In order that there may be no excuse for this ignorance, the following explanation of some of the more important sections follows. These explanations should receive the careful consideration of both stallion and mare owners. Should any question arise as to the interpretation of any section of the law, please write to the office in regard to it and do not take the word of other persons.

Section 1 says, in substance, that every person, firm or company standing or offering any stallion for public service in the State of Illinois, shall first procure a license for such stallion and have the same recorded in the office of the register of deeds of the county or counties in which the stallion is used for public service. While this section seems clear as to purpose and intent, this board has had some difficulty in making horse owners understand just what is meant by "public service," and the importance of having the licenses recorded in each county where the horses are used. The term "public service" is interpreted by this board to mean the use for breeding purposes of any stallion for any one other than the owner of the stallion. The serving or offering to serve, one mare owned by any one not identified with the ownership of the horse, is public service, and the person or company owning and using a stallion for such service must first procure a license or subject himself to prosecution and fine for violation of the law.

It is not necessary to advertise a stallion or even to solicit patronage for him to make the owner liable for fine. If the business comes wholly unsolicited and service is rendered, it is public service, and if the owner of the stallion rendering such service has neglected or failed to secure a license, he is amenable to the law. The question of fee for service does not enter into the case. The only question to be considered is, "Was the stallion used for public service?" If so, and the stallion owner cannot show a State license authorizing such service, then he is guilty of violation of the law, even though the service was rendered for nothing.

During the almost five years that the law has been in effect, stallion owners have learned that the clause in section 1 requiring that all licenses be recorded in the county where the stallion is used, is an important provision, and now they are generally complying with it. The purpose of this requirement should be apparent to every

one. It gives the owner an authentic public record of his compliance with the law, which is absolutely necessary to make the license effective, and to secure the lien.

While the law does not specifically state that renewals shall be recorded in the same manner as are the certificates of licenses, the Stallion Registration Board, basing its authority for such action upon a recent opinion of the Attorney General, has ruled that they must be so recorded. The Attorney General says: “* * * The provisions of the statute can only be fully obeyed by recording renewals as well as original certificates.” Therefore, a failure to promptly record the renewal of any license certificate in the office of the county recorder in each county in which the stallion is used for public service, will be regarded as a violation of the law, the same as a failure to record the original license.

Section 6 is one of the more important sections of the law and all stallion owners should post themselves regarding its requirements, for there has been great carelessness in regard to it. It is perfectly clear and cannot be misunderstood nor misconstrued. It says: “The owner of any stallion used for public service in this State shall post and keep affixed, during the entire breeding season, copies of the license certificate of such stallion, issued under the provisions of this Act, in a conspicuous place, both within and upon the outside of the main door leading to every stable or building where the said stallion is used for public service. Each bill and poster and each newspaper advertisement shall show the enrollment certificate number and state whether it reads “pure-bred, grade or cross-bred.” A failure to comply with any of the requirements of this section is as serious a violation of the law as it is to use a stallion for public service without first procuring a license, and unless this, as well as all other requirements of the law are complied with, service fees cannot be legally collected.

The purpose of the provisions of this section is two-fold: First, it is notice to every one who visits the standing place of your stallion that you have complied with the law in securing a license. Second, and of equal importance, the statement in bills, posters and newspaper advertisements of the kind of license under which your stallion is doing business, informs every one as to whether your horse is pure-bred, cross-bred, or grade. Violation of either of these provisions is punishable by a fine of not less than \$25.00 and may be \$100.00 for each offense.

The failure of the stallion owners to properly comply with the first provision of Section 6 requiring the posting of copies of licenses at the standing places has been so general as to indicate universal carelessness or inexcusable ignorance. As the greater number of stallion owners, so far as have come under the observation of this Board, have made an attempt to comply with this provision by posting an advertisement or other statement or description of their stallions but have fallen short in not using exact copies of the license, it would seem that ignorance rather than carelessness or indifference is the prime cause of the trouble in complying with this provision.

In order to get a strict and uniform compliance with this import-

ant feature of the law this Board last season furnished each owner of a licensed stallion with two copies for posting purposes. These copies have been furnished without cost with every license renewal and transfer issued since the first of January, 1915, and additional copies have been mailed on application. This practice will be continued. They are furnished in blank form and it is necessary for the owner of the stallion to properly fill the blanks before posting. This enables the stallion owner to more easily comply with the law. If he does not then comply with it prosecution will result in every case brought to the attention of this Board.

Section 8 relates to the fee for license, transfers and renewals. In addition to fees for these items, the Board in accordance with the provision in section 2 authorizing the making of rules and regulations for the enforcement of the law, has ruled that in case of the loss or destruction of a certificate of license, the owner of the horse must make affidavit to the fact and pay one dollar (\$1.00) for a duplicate license, and fifty cents for a duplicate renewal.

Transmittal of Fees.

We have frequent complaints that no returns have been received from communications to this office, and it has invariably transpired that the parties claimed to have sent the money in currency, which could not be traced.

Please send all money by bank draft, post office or express money order, payable to the order of the Secretary. If lost, the money can then be traced, and much trouble and delay avoided.

Address all communications to B. M. Davison, Secretary State Board of Agriculture and Stallion Registration Board, Springfield, Ill.

THE ILLINOIS STALLION REGISTRATION LAW.

AN ACT to regulate the public service of Stallions in Illinois.

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: Every person, firm or company standing or offering any stallion for public service in this State shall cause the name, description, and pedigree of such stallion to be enrolled by a stallion registration board hereinafter provided for, and secure a license from said board, as provided in Section 3 of this Act. All enrollment and verification of pedigree shall be done in the office of the Secretary of the Illinois State Board of Agriculture. All license certificates for stallions issued under this Act shall thereupon be presented to and recorded by the register of the deeds of the county or counties in which said stallion is used for public service.

§ 2. In order to carry out the provisions of this Act, there shall be constituted a Stallion Registration Board, whose duty it shall be to verify and register pedigrees; to pass upon certificates of veterinary examination; to provide, when necessary, for veterinary inspection; to issue stallion license certificates; to make all necessary rules and regulations; and to perform such other duties as may be necessary to carry out and enforce the provisions of this Act. Said board shall hold meetings at the office of the Secretary of the Illinois State Board of Agriculture the first Tuesday and subsequent days of February, May, August and November of each year, and such other meetings as may be necessary.

The Stallion Registration Board shall be composed of five members, consisting of the Secretary of the Illinois State Board of Agriculture, who shall be, ex-officio, secretary and executive officer of this Board; the State Veterinarian, who is a member of the State Board of Live Stock Commissioners; the President and Secretary of the Illinois Horse Breeders' Association, who shall not be one and the same person; and the President of the Illinois Farmers' Institute.

§ 3. In order to obtain the license certificate herein provided for, the owner of each stallion shall forward an affidavit signed by a licensed veterinarian to the effect that he has personally examined such stallion, and that to the best of his knowledge and belief said stallion is free from hereditary, infectious, contagious, or transmissible disease or unsoundness. The owner of said stallion shall also furnish to the Stallion Registration Board the stud book certificate of registry of the pedigree of the said stallion when said stallion is registered, and all other necessary papers relative to his

breeding and ownership. Upon verification of pedigree and certificate of breeding (in case of pure bred stallions) and receipt of veterinarian's affidavit, as provided for in this Act, a license certificate shall be issued to the owner.

§ 4. The presence of any one of the following named diseases shall disqualify a stallion for public service, and the inspecting veterinarian is hereby duly authorized to refuse to give an affidavit of soundness to the owner of such stallions affected with any one or more of the diseases herein specified in a transmissible or hereditary form, and the inspecting veterinarian shall so report the same to the Secretary of the Stallion Registration Board:

Periodic ophthalmia (moon blindness); bone spavin; ringbone; bog spavin; curb, when accompanied with curby formation of hock; or any contagious or infectious disease.

§ 5. The Stallion Registration Board shall make and keep records of all stallions enrolled in the State of Illinois, said stallions to be enrolled as "pure bred," "cross bred," or "grade," according as the facts may have been determined. Upon making the enrollment of said stallion, the Stallion Registration Board shall issue the above said license.

The Stallion Registration Board is authorized, in cases of emergency, to grant temporary license certificates without veterinary examinations, upon receipt of an affidavit of the owner to the effect that to the best of his knowledge and belief said horse is free from infectious, contagious or transmissible disease or unsoundness. Temporary license certificate shall be valid only until veterinary examination can reasonably be made.

§ 6. The owner of any stallion used for public service in this State shall post and keep affixed, during the entire breeding season, copies of the license certificate of such stallion, issued under the provisions of this Act, in a conspicuous place, both within and upon the outside of the main door leading to every stable or building where the said stallion is used for public service.

Each bill and poster, and each newspaper advertisement, shall show the enrollment certificate number, and state whether it reads "pure bred, grade or cross bred."

§ 7. (As amended by an Act approved and in force June 5, 1911.) The license certificate issued for a stallion whose sire and dam are of pure breeding, and the pedigree of which is registered in a stud book recognized by the United States Department of Agriculture, Washington, D. C., in an Act entitled, "**An Act to provide revenue, equalize duties, and encourage the industries of the United States, and for other purposes,**" approved August 5, 1909, or the pedigree of which is registered in the stud book of one of the following named associations, societies, clubs or corporations: **American Trotting Register Association; American Association of Importers and Breeders of Belgian Draft Horses; Cleveland Bay Society of America; American Clydesdale Association; French Coach Horse Society of America; National French Draft Horse Association of America; German, Hanoverian & Oldenburg Coach Horse Association of**

America; American Hackney Horse Society; American Morgan Register Association; Percheron Society of America; The American Breeders' and Importers' Percheron Registry Company; American Saddle Horse Breeders' Association; American Shetland Pony Club; Welsh Pony and Cob Society of America; American Shire Horse Association; American Suffolk Horse Association; The Jockey Club; Arabian Horse Club of America, shall be in the following form:

Illinois Stallion Registration Board

Certificate of the Pure-Bred Stallion No.....

The pedigree of the stallion (name).....

Owned by

Bred by

Described as follows:

Color Breed

Foaled in the year....., has been duly examined, and it is hereby certified that the said stallion is registered as numberin the stud book of..... The above named stallion has been examined by..... veterinarian, and is reported as free from infectious, contagious, or transmissible disease or unsoundness, and is licensed to stand for public service in the State of Illinois.

This license expires on.....19.....

(Signed).....

Secretary Illinois State Board of Agriculture
and Stallion Registration Board.

Date.....19.....

The license certificate issued for a grade stallion, whose sire or dam is not pure-bred, shall be in the following form:

Illinois Stallion Registration Board.

Certificate of Grade Stallion No.....

The pedigree of the stallion (name).....

Owned by

Bred by

Described as follows:

Color.....

Foaled in the year....., has been duly examined, and it is hereby certified that the said stallion is not of pure breeding, and is, therefore, not eligible for registration in any stud book recognized by the Illinois Stallion Registration Law. The above named stallion has been examined by....., veterinarian, and is reported as free from infectious, contagious, or transmissible disease or unsoundness, and is licensed to stand for public service in the State of Illinois.

This license expires on.....19.....

(Signed).....

Secretary Illinois State Board of Agriculture
and Stallion Registration Board.

Date.....19.....

The license certificate issued for a stallion whose sire and dam are pure-bred, but not of the same breed, shall be in the following form:

Illinois Stallion Registration Board.

Certificate of Cross-Bred Stallion No.....

The pedigree of the stallion (name).....

Owned by

Bred by

Described as follows:

Color.....

Foaled in the year....., has been duly examined, and it is found that his sire is registered in the stud book of..... as number....., and his dam in the stud book of..... as number..... Such being the case, said stallion is not eligible for registration in any stud book recognized by the Illinois Stallion Registration Law. The above named stallion has been examined by....., veterinarian, and is reported as free from infectious, contagious, or transmissible disease or unsoundness, and is licensed to stand for public service in the State of Illinois.

This license expires on.....19.....

(Signed).....

Secretary Illinois State Board of Agriculture
and Stallion Registration Board.

Date.....19.....

§ 8. Fees.] A fee of \$2.00 shall be paid to the Secretary of the Illinois Stallion Registration Board for the examination and enrollment of each stallion pedigree, and for issuance of a license certificate in accordance with the breeding of the stallion as above provided, which shall be good for a period of one year, and to carry out the provisions of this Act. The fee shall be paid to the Secretary of the Illinois Stallion Registration Board at the time the application is made for enrollment.

Upon a transfer of the ownership of any stallion enrolled under the provisions of this Act, the certificate of enrollment may be transferred to the transferee by the Secretary of the Illinois Stallion Registration Board upon submittal of satisfactory proof of such transfer of ownership, and upon payment of a fee of fifty cents. A fee of \$1.00 shall be paid annually for the renewal of a license certificate.

§ 9. Every stallion passing inspection shall be exempt from further inspection, unless from later developments it becomes known, and a complaint is filed, certified to by three men, one of whom shall be a licensed veterinarian, that said stallion has some hereditary, contagious or infectious disease, which was not evident at the time of previous inspection. When such complaint is made, and a request for inspection is asked for, such complaint shall be filed with the Secretary of the Illinois Stallion Registration Board, who shall have another examination made. If such complaint is verified, it shall be so reported to the Secretary, who shall revoke

the license in force: PROVIDED, that the owner of any stallion used for public service in this State shall have a lien on all colts sired by said stallion for the service fee for a period of one year from the date of the foaling of said colt.

§ 10. Violation of any of the provisions of this Act shall be punished by a fine of not less than twenty-five dollars (\$25.00) and not exceeding one hundred dollars (\$100.00) for each offense.

§ 11. The funds accruing from the above named fees shall be used by the Stallion Registration Board to defray the expenses of ex-rollment of pedigrees and issuance of licenses; to provide for the examination of stallions when necessary; to publish reports or bulletins containing lists of stallions examined, which shall be not less than every two years; to encourage the horse breeding interests of this State; to disseminate information pertaining to horse breeding, and for any other such purposes as may be necessary to carry out the purposes and enforce the provisions of this Act. Each member of the above committee, excepting the Secretary, shall receive five dollars (\$5.00) per day for each day actually employed under the provisions of this Act, together with his traveling expenses; the Secretary shall receive for his services an amount agreed upon by the Board.

It shall be the duty of the above said Stallion Registration Board to make an annual report, including financial statement, to the Governor of the State, and to enforce this law. All financial records of said Board shall be subject to inspection at any time by a public examiner.

§ 12. This Act shall take effect and be in force on and after January 1, 1910.

Approved June 10, 1909.

Amended June 5, 1911.

Lien on Get.

As there has been considerable question as to whether the Illinois Stallion Registration Law gives a lien upon the get of stallions licensed under it, the opinion of the Attorney General was asked, and is herewith given:

“January 27, 1910.

“Hon. J. K. Dickirson, Secretary Stallion Registration Board, Springfield, Ill.:

“Dear Sir:—In your favor of the 20th inst. you state: I desire to obtain your construction of Section 9 of the new law ‘Regulating the Public Service of Stallions in Illinois,’ or rather that part of it which reads:

“ ‘Provided, that the owner of any stallion used for public service in this State shall have a lien on all colts sired by said stallion for the service fee for a period of one year from the date of the foaling of said colt.’ This taken in connection with a law entitled, ‘An Act to Protect Stock Breeders within the State of Illinois,’ approved June 10, 1887; amended June 1, 1888; amended May 14, 1903; in force July 1, 1903.

"Nowhere else in the new law Regulating the Public Service of Stallions in Illinois is a lien mentioned.

"The Stallion Registration Board has construed the meaning of Section 9 referred to, to be that in case a stallion owner's certificate under the new law is revoked, this does not destroy the lien upon the get secured to him under the old law.

"I desire to know, 'Does the new law Regulating the Public Service of Stallions in Illinois, give a lien upon the get?'"

"In reply thereto, I would state that Section 1 of an Act entitled 'An Act to Regulate the Public Service of Stallions in Illinois,' approved June 10, 1909; in force January 1, 1910, provides that:

" 'Every person, firm or company standing or offering any stallion for public service in this State shall cause the name, description, and pedigree of such stallion to be enrolled by a stallion registration board hereinafter provided for, and secure a license from said board, as provided in Section 3 of this Act.'

"Section 2 of said Act creates the Illinois Stallion Registration Board, and Section 3 provides that, in order to obtain a license certificate, 'the owner of each stallion shall forward an affidavit signed by a licensed veterinarian, to the effect that he has personally examined such stallion, and that to the best of his knowledge and belief, said stallion is free from hereditary, infectious, contagious, or transmissible disease or unsoundness.'

"Section 4 provides what diseases shall disqualify a stallion from public service.

"Section 5 provides that:

"The stallion registration board shall make and keep records of all stallions enrolled in the State of Illinois, said stallions to be enrolled as 'pure-bred,' 'cross-bred,' or 'grade,' according as the facts may have been determined. Upon making the enrollment of said stallion, the stallion registration board shall issue the above said license.'

"Provision is made in said section 5 for the issuance of temporary license certificates. Section 6 requires the owner of any stallion used for public service to keep posted copies of the license certificate. Section 7 provides the form of the certificate.

Section 8 provides for the fee for examination and enrollment, and for the issuance of the license certificate.

"Section 9 provides as follows:

" 'Every stallion passing inspection shall be exempt from further inspection, unless from later developments it becomes known, and a complaint is filed, certified to by three men, one of whom shall be a licensed veterinarian, that said stallion has some hereditary, contagious or infectious disease, which was not evident at the time of previous inspection. When such complaint is made, and a request for inspection is asked for, such complaint shall be filed with the Secretary of the Illinois Stallion Registration Board, who shall have another examination made. If such complaint is verified, it shall be so reported to the Secretary, who shall revoke the license in force: Provided, that the owner of any stallion used for public service in this State shall have a lien on all colts sired by said stal-

lions for the service fee for a period of one year from the date of the foaling of said colt.'

"Section 10 provides:

" 'Violation of any of the provisions of this Act shall be punished by a fine of not less than twenty-five dollars (\$25.00) and not exceeding one hundred dollars (\$100.00) for each offense.'

"Section 11 provides how the funds accruing from the fees shall be used. It will be noted, therefore, that unless the owner of a stallion kept for public service, in the State of Illinois, complies with the provisions of the Act of 1909, he is subject to a penalty. In other words, the Act of 1909 is the only Act with which such owner can comply.

"The former Act in relation to the protection of stock breeders provides a different system of enrollment. Paragraph 66, et seq., Chapter 9, Hurd's Revised Statutes, 1908.

"Manifestly, the Act of 1887, last above referred to, was repealed and became inoperative when the Act of 1909 took effect, January 1, 1910, because the Act of 1909 provides a different system of enrollment; and prohibits the owner of a stallion intended for public service from advertising or standing such stallion without compliance with its terms.

"The lien of the owner of such stallion upon the get must, therefore, exist by virtue of the Act of 1909, and not by virtue of the Act of 1887. The Act of 1909 simply says that the owner shall have a lien. It provides no means by which the lien shall be enforced. It does not result, however, that such lien is non-enforceable, because the statute has not pointed out the method for carrying the lien into effect. The lien is a statutory lien. The rule is that liens are enforceable in equity unless the law has provided another mode. This is true of vender's liens, equitable and other mortgages, and all statutory liens, except when the lien is in the nature of a pledge, and possession accompanies the lien. *Cairo & Vincennes Railroad Company v. Fackney*, 78 Ill., 116.

"To enforce the lien, therefore, given by the Act of 1909, above referred to, it will be necessary for the owner of the stallion to invoke the aid of a Court of Equity.

"Very respectfully,

"W. H. STEAD,

"Attorney General."
